CWDRILL

QUALITY MANAGEMENT POLICY STATEMENT

Our Vision

To provide superior services and people to meet client needs, expectations, and satisfaction.

Our Commitment

CW Drilling & Investigation Ltd prides itself on being the best mobile drilling company in New Zealand, specialising in geotechnical drilling and exploratory drilling projects. We will actively pursue improving quality systems through programs that enable each worker to do their job right the first time and every time.

CW Drill is committed to taking all practicable steps to comply with the requirements of ISO 9001:2015, regulatory bodies, and legislative authorities, and to continually improve the effectiveness of the quality management system.

CW Drill is committed to upgrading the capabilities of its workers through formal training and continuous quality awareness.

CW Drill management is committed to introducing workers to its policy and documented quality management system. It is the responsibility of CW Drill management and workers to familiarise themselves and comply with the policies and procedures of this quality management system.

The policy supports the broader objectives as contained within our business plans. To ensure that the policy intentions are implemented, CW Drill has:

- Established procedures and work instructions to assist workers in performing their role.
- A commitment to continuous educational development that enhances worker skills for the work they perform, through a company-wide development plan and individual needs assessment.
- Established processes for the on-going evaluation and improvement of the system through regular dialogue at the executive and operational levels of management.

James Chapman
Managing Director
